11.15 arrived on site, watching transcon,
 12.00 breakfast started to heat up to leave. Then called royston, mobile, to come back to Beam Reach 5.
 12.25 two cameras left site, the mobile followed
 12.35 six cameras left and I, Derek Mack, followed and they went around the roundabout fully back to Beam Reach 5. They went through the site towards a piece of land at the back close to red line. I was at the back and they all came to a stop. I got out of my car and ran towards the gate getting my camera phone out of my pocket to take photos of these guys lifting the gate disconnecting it from its hinges and trying to bend it round to enable them to get their vehicles on site. One of the guys ran towards me to prevent me taking photos. He used his body to push me backwards. I stepped back 2 or 3 steps and he came to a stop. The 3 guys at the gate told me to get rid of the photos and they would go. I said OK and they left going back to where they were, opposite the cabin at Beam Reach 5.
 They stayed for a while then left at 13.33. I stayed near the gate until the contractor Barry turned up. Temporary repair was done on the gate.
 16.20 I left site.

Travellers Avoidance Plan (Code Red)

Travellers Avoidance Plans

Note 1 – information is passed onto Londoneast Security that the travelling community are either in the local area or there is reason to believe they are heading our way. This can be received in a number of ways from either the Police, Council, Chamber of Commerce, GLA etc. Londoneast Security will not act upon information given from an unrecognised source ie rumours from the gully in the street.

Note 1A – Londoneast Security on receipt of considered credible information that could put the site at risk contact:

Police	Tel N° 02082177925/02087212538
Chamber of Commerce	Tel N° 020 8591 6966
The Council	Tel N° Rob Curtis 02085924500 mob. 07772229222

For verification of information received.

Note 1B – In the near future it is intended that a Task Force will be formed amongst the key stakeholders within the area, both public and private sector. It is envisaged that this will be managed by the Dagenham Chamber of Commerce (DCC). The Task Force will be those who could be involved or affected by Travellers in the local area, therefore when information received is verified as being a concern then all members of the Task Force are informed immediately via the Chamber of Commerce.

Note 2 – If information received is considered to be a potential Code Red then Londoneast is to contact the May & Baker Social Club to inform them that Code Red actions may have to be taken which means the closing of the main car park.

Tom (Groundsman): Mon-Fri and alternate weekends: 07540619469

Zoe (Senior Bar Supervisor): Mon, Wed, and Sunday Evenings: 07960076197

Jackie Horan (Cleaning supervisor & Bar Supervisor): All mornings cleaning & Tue & Friday Evenings: 07946389095

Jodie (Bar Supervisor): Thurs & Sat Evenings 07931523790

Note 3 – If the information is considered serious implement Code Red.

Note 4 - the following must be informed immediately that our Code Red Policy is being implemented and the main car park will be closed.

Dagenham Chamber of Commerce	Tel N°: 020 8591 6966
Task Force Members (via the Chamber)	Tel N°: 020 8591 6966
The Social Club Manager	Tel N°: 020 8984 5251
Steve Thompson - Club Secretary	Tel N°: 020 8592 1549

LE Site Residents

Security are to man the top gate to allow cars out until the car park is completely closed and additional Security is to be brought in to man the Londoneast Gates at the rear entrance to allow vehicles into the Social Club area via the Londoneast main entrance on Yew Tree Road.

Signage is to be erected both on site to direct traffic and at the top gate to direct those who need to gain access to the Social Club in a vehicle towards the Londoneast entrance on Yew Tree Road. Access to the Social Club via the top entrance is via the pedestrian gate only which will remain open.

Note 5 - It is for the May & Baker Social Club to communicate this to its members and Club users. Strict access guidelines to and from the May & Baker Social Club will be maintained.

Note 5A – Londoneast-uk Ltd have set agreements (some commercial agreements) for residents and visitors to use our car park, therefore if we close the main car park we must make provision for those users to park within the Londoneast site or give access to the main car park via another route – ie the rear entrance gates. These users must be identified and communicated if a Code Red process needs to be implemented.

Agreements with users of the main car park:

- May & Baker Social Club
- Elutec
- Kier

Note 5B – The May & Baker Club House will inform their own security team to man the rear gates when a Code Red operation is implemented. This is because the Social Club's security team are familiar with the members & others users of the Club's facilities. This will be by commercial agreement with Londoneast-uk Ltd and will be a joint operation between the May & Baker Security Officers and the Londoneast-uk Security Officers.

Note 6 – It is important due to commercial arrangements in place that the Manager of the May & Baker Social Club works with the Londoneast Security & Site Engineer to agree and monitor the Tier 2 Security requirements as this will vary each time. A plan needs to be put into place (hours of work), number of days and evenings required etc and the period anticipated before the all clear is given, basically this is a joint operation between the May & Baker Club and Londoneast-uk Ltd.

Note 7 – Londoneast Security liaise and update the DCC & Task Force on our daily activities. It is anticipated the DCC will play a leading role to inform the Task Force/Partners of our Code Red Operation daily.

Note 7A – Londoneast Security to liaise directly with the Club Manager on a daily basis.

Note 8 – It is vital that the ALL CLEAR is given by a recognised authority. As the DCC will be playing an active role on behalf of the Task Force/Partners it will be for the DCC to give the official ALL CLEAR. This way we are all working systematically.

Note 9 – Londoneast Security inform the May & Baker Club Manager that the main car park top entrance is to reopen. Londoneast Security to implement this as a matter of urgency. It is the responsibility of the May & Baker Club House to inform its members.

Note 10 – It is recommended after each Code Red Operation the Chamber of Commerce organise a round table meeting with all partners involved / affected to discuss how the operation went in the Borough overall or whether or not any improvements could be made.

Hello Debbie,

Thank you for your e-mail.

I can confirm that GVA have been instructed to remove the fly tip and, as always, we are looking at options available to us to try to prevent this occurring again.

Hello Malcom

We confirm that the travellers at the above location moved off yesterday but left behind a large amount of fly tipping. (see photographs below). The tipping is on the land and the stream which runs along it. We confirm that there is video evidence available of the travellers dumping the rubbish. Are you able to confirm the GLA will arrange for its removal?

Will there be any plans to make the pedestrian walkway more secure in the future?

We look forward to hearing from you

Kind regards

Debbie

Hello Glenda / all

Please be aware that there may be more to follow.

We understand the 4 caravans at Ferry Lane South since Tuesday have moved on their own accord. Security have reported there are approximately 4 hooked up in Asda Dagenham again, and we are 'counting' caravans at Lamson Road and Consul Avenue to see how many, if any have moved. Security seem to think that some have also left!!!

Kind regards

Debbie

Hi

The Travellers have just moved onto the small piece of land behind my office at Unite the Union 46/48 New Road Dagenham. They are gaining access via the car park belonging to the Premier Inn. They have been here before but have gained access the same way they did before. At the moment we have 4 caravans parked up with vehicles and I have no doubt there are more on their way. This is exactly what happened before. There is a piece of land which is gated and locked but they broke into that before.

Anything else you want me to do?

Thanks

Glenda

Hi Debbie,

Travellers have now left TFL site from Creekside, Manor Way and now occupied land belonging to LBH leased to RSPB at Rainham Marshes south of A13. They have taken access through Coldharbour Lane, through gate used by a grazier, opposite Tilda Rice area.

Will give you another update as soon as a site visit has been made.

I have just learned from Andrew Gouldstone, RSPB Rainham Marshes Site Manager, that there is incursion of c15 travellers caravans and associated vehicles onto Council land at Rainham Marshes south of the A13, having taken access from Coldharbour Lane, through the gate used by the grazier, opposite the Tilda Rice area. RSPB have advised the grazier and the travellers of the issue of grazing animals.

The land is managed by RSPB under a lease arrangement with the Council.

Hi Debbie,

I have been informed 15 caravans have occupied land belonging to TFL near Creek side footbridge, Creek side, Manor way.

Police are in attendance and understand travellers have promised to move on shortly.

As this is a private land, the Council will not be taking any actions.

Hello Malcom

We confirm that the travellers at the above location moved off yesterday but left behind a large amount of fly tipping. (see photographs below). The tipping is on the land and the stream which runs along it. We confirm that there is video evidence available of the travellers dumping the rubbish. Are you able to confirm the GLA will arrange for its removal?

Will there be any plans to make the pedestrian walkway more secure in the future?

We look forward to hearing from you

Kind regards

Debbie

Hello Sue

Thank you for your email detailed below I have copied in Havering Council for confirmation, as I understand that the eviction order when served last for 3 months. But it will be served on the Travellers insitu at that time. Should a different lot appear on the same land then the process begins again. Hence the reason for the Travellers to stay a few days and move before the papers are served.

I do stand to be corrected, but hopefully the Council will confirm this for us.

Kind regards

Debbie

So Debbie
when you get an eviction order is it just for that day? or can the order be for say 2 weeks? It seems they go just before getting an order and then return so that you have to re apply for another one.

I think they are drawn to the Dagenham area because of the Dagenham market. They even have their own stalls and businesses there. And it looks like they will remain in these areas because the market has been given another 5 years from what I understand. So really I think what you were discussing about having a full time person dealing with this issue may get us somewhere.

Kind Regards
Sue

Hello Sue

We think they have gone to the rear of the Premier Inn at Dagenham near Asda. The ones at Lamson arrived on Tuesday night after a cat and mouse game all around Dagenham and Rainham. But I agree they do seem to be playing a game!!!

The eviction order is in place in Lamson Road, the Council are waiting for large Police back up, as these are particularly aggressive !!

kind regards

Debbie

Hello all

Please see the first two photographs attached - we need to ascertain whose land this is?

We understand this area of land which is used as a footpath, and is part of the walkway between RSPB site to the Crown Walkway/ River. So GLA / Council????

Please could this be confirmed by someone???

Kind regards

Debbie

Hi Debbie,

Travellers have now left TFL site from Creekside, Manor Way and now occupied land belonging to LBH leased to RSPB at Rainham Marshes south of A13. They have taken access through Coldharbour Lane, through gate used by a grazier, opposite Tilda Rice area.

Will give you another update as soon as a site visit has been made.

I have just learned from Andrew Gouldstone, RSPB Rainham Marshes Site Manager, that there is incursion of c15 travellers caravans and associated vehicles onto Council land at Rainham Marshes south of the A13, having taken access from Coldharbour Lane, through the gate used by the grazier, opposite the Tilda Rice area. RSPB have advised the grazier and the travellers of the issue of grazing animals.

The land is managed by RSPB under a lease arrangement with the Council.

Hi Debbie,

I have been informed 15 caravans have occupied land belonging to TFL near Creek side footbridge, Creek side, Manor way.

Police are in attendance and understand travellers have promised to move on shortly.

As this is a private land, the Council will not be taking any actions.

Subject: Traveller incursion Friday 17th - Monday 20th June 2016 - Transport For London land between Fenchurch Street Railway line and Eurostar Railway line - Creekside off Lamson Road Rainham - 15/20 caravans - fly tipping

Hello all

We confirm the travellers were evicted late this morning, from the above location. One caravan was damaged in transit and appears to have been left as a memento!!!

The Travellers then broke into the RSPB Nature Reserve in Coldharbour Lane, but moved on after a couple of hours.

We understand the travellers are now "hooked up" at Asda Car park Dagenham, no doubt awaiting instruction where their next "port of call" will be.

We detail below photographs of fly tipping accumulated over the weekend

Kind regards

Debbie

Colleagues

Police and enforcement officers from the Council issued a S61 notice on the travellers that occupied Eastbrook School playing fields.

The notice was served at 10 am by the Police and a joint enforcement team arrived at the location at 12.30. After gaining entry to the land and much persuasion and patience from the Police and the Council the travellers left the location.

The area had been fly tipped by the travellers. This would have been much worse if they had not been evicted today.

I would like to bring to your attention the efforts of Chief Inspector Rob Bills, Inspector Ken Baker and Inspector John Reeves for their swift action in this matter

Colleagues,

I have liaised with Chief Inspector Bills regarding the above matter. The Police will serve a S61 Notice giving an appropriate time for the travellers to leave the above location. Police and Street

Enforcement officers are meeting at Dagenham Police Station for a briefing and then will attend the site to evict the travellers that still remain.

It is alleged that they have padlocked the gate and threatened members of the public that have engaged with them. Cutting equipment and towing vehicles will be available if the Police and Street Enforcement are obstructed from gaining possession of the site

Hello all

Once again the travellers have returned to the above locations.

There are 3 caravans at Lamson Road – Onkar can you confirm the paperwork is in place to attend Court to obtain an Eviction Order?

At Beam Reach 5 they are parked on the road, and restricting access for vehicles wishing to attend Tesco's. We understand this area is owned by the GLA and the GLA are aware.

Kind regards

Debbie

Subject: Travellers back on the RSU service road

We have had eight caravans turn up and park along the RSU service road. They arrived around 15:45 with the caravans parked on the grass verge and path and their vehicles are all on the service road. This is going to cause a lot of grief when our vehicles start to return from stores and have to queue along side them.

A shunter was returning from the RSU and the kids have already started throwing stones.

This has been reported on 101 under reference CHS 32205 250616 with a one hour call out.

All

Parks Police attended the location this afternoon and found that the main gate to Rainham Nature Reserve was insecure and concrete sleepers had been removed. It appears that an angle grinder was used to remove the lock. We have now had the gate welded closed. The travellers may have been preparing to land hop.

Just to make you aware, businesses in Harbour House have watched the travellers remove one of the bollards and they have dumped two loads of white bags etc on the above land.

Subject: Traveller Incursion - grassed walkway area - between Easter Park and Harbour House

Importance: High

Hello all

You may be aware of the Traveller incursion at the above location. We confirm the land in question is owned by the GLA and steps have already been taken to apply to the Courts for an eviction notice.

We confirm that the GLA will be monitoring the situation, as it appears that vehicles have already dumped 2 lorry loads of rubbish/fly tipping.

We confirm that the BID, at its cost will site a guard in a sign written van from 7pm to 7 am at the location in question, to show a presence for the duration of the travellers.

Would all businesses at Easter Park ensure the gates are closed during the evening please?

Kind regards

The gates at Easter park have been reset but will require further works in the future.
They are operational at present and the left hand key pad is to be used with code 8383 to open the entrance gate.

Hello Malcom

Further to our correspondence this morning regarding the above location, I detail below photograph taken of the Travellers dumping rubbish, we understand there is a 'ditch/ stream' alongside this area and the rubbish is being dumped into it???

There is also video evidence of the vehicles dumping the fly tipping (lots of bathroom furniture) from a neighbouring business should you require it.

Kind regards

Debbie

Thanks for the phone call Debbie,
It obviously is a serious matter and we all need to do what we can. So as discussed all persons/vehicles using the gate at Easter park should wait until it acutally closes before driving off.

Kind Regards

Hello all

Please see the first two photographs attached - we need to ascertain whose land this is?

We understand this area of land which is used as a footpath, and is part of the walkway between RSPB site to the Crown Walkway/ River. So GLA / Council???

Please could this be confirmed by someone???

Kind regards

Debbie

Hello all

Further to our email earlier today. As the BID security will be at the above location from 7pm to 7am, please make note of the BID's mobile patrol telephone number should you require it for the next few days or the future 07528 968072.

Would all businesses please make sure the gates at Easter Park remain closed at close of business and any vehicles leaving the area after this time, wait until the gate is fully closed before leaving the area, to ensure that traveller vehicles do not 'slip' in to Easter Industrial Park.

We confirm that the GLA (owners of the area in question) are aware of the incursion and are taking steps to attend Court for an eviction order. We have emailed GLA this afternoon with photographs of the travellers fly tipping on the grass and the stream, which hopefully will assist in a quick response from the court. Average time for Court action can be between 3 and 7 days.

Thanking you

Kind regards

Debbie

Subject: Travellers - Coldharbour Lane between Easter Park / Harbour House
Importance: High

Hello all

Please see the first two photographs attached - we need to ascertain whose land this is?

We understand this area of land which is used as a footpath, and is part of the walkway between RSPB site to the Crown Walkway/ River. So GLA / Council????

Please could this be confirmed by someone???

Kind regards

Debbie

Ref:

Travellers that were moved from Lamson Road have now moved between Easter Park and Cold Harbour House see first 2 photos, the other one is opposite Tesco there are 12 caravans parked at this location at the present time 28th June 2016.

Hi Debbie,

Travellers have now left TFL site from Creekside, Manor Way and now occupied land belonging to LBH leased to RSPB at Rainham Marshes south of A13. They have taken access through Coldharbour Lane, through gate used by a grazier, opposite Tilda Rice area.

Will give you another update as soon as a site visit has been made.

I have just learned from Andrew Gouldstone, RSPB Rainham Marshes Site Manager, that there is incursion of c15 travellers caravans and associated vehicles onto Council land at Rainham Marshes south of the A13, having taken access from Coldharbour Lane, through the gate used by the grazier, opposite the Tilda Rice area. RSPB have advised the grazier and the travellers of the issue of grazing animals.

The land is managed by RSPB under a lease arrangement with the Council.

Hi Debbie,

I have been informed 15 caravans have occupied land belonging to TFL near Creek side footbridge, Creek side, Manor way.

Police are in attendance and understand travellers have promised to move on shortly.

As this is a private land, the Council will not be taking any actions.

Subject: Travellers Incursion - Rainham Area - Lamson Road / Consul Avenue
Importance: High

Hello Onkar

You may already be aware that travellers are again at the above location arriving in force at approximately 8.30 pm last night. (see photographs below). Can you confirm that the paperwork is still in place to proceed with eviction?

For information purposes, for all these are the travellers movements last night

BID security on patrol approximately 7.30 pm arrived at the Southern roundabout Marsh Way to see travellers entering Marsh Way towards Fairview Industrial Park /Shanks. The travellers entered the approach road to Shanks (Creek Way). They proceeded to break in to land on the left hand side of Creek Way. One vehicle attempted to enter the site but was thwarted by the very wet ground. The Travellers then left the area in groups of about 4, security were where possible attempting to follow.

Some travellers moved to Consul Avenue where they are already in situ, others moved to Lamson Road again!!!

At the moment the situation is as follows

Lamson Road – 11 caravans

Consul Avenue – 11 caravans

Easter Park / Ferry Lane South – 4 caravans

Kind regards

Hello Guys

Just to make you aware, we have been informed that 4 travellers have left Ferry Lane South and have gained access to an area in Dagenham (see below).

There are 4 more in ASDA Dagenham, hooked up ready to go – which we suspect will go to the same place.

Although you did mention it Christian, we haven't heard through the 'grapevine' that the Travellers will be attempting to gain access to the land in Creek Way.

But the Travellers are full of surprises.!!!

Kind regards

Debbie

Subject: RE: Travellers approximately 8 caravans - Lamson Road - Court action - Section 77 of the Criminal Justice and Public Order Act 1994 - update last 48 hours

Further to my previous email I have just witnessed them using a mechanical machine to break open the locks on the gates to the piece of land I was referring to just now. There is also another caravan in the car park waiting to gain entry and I have no doubt that there are more on their way. I have informed Premier Inn who advise the gates have been locked. I can confirm I heard the same noise about 15 minutes ago as I did when they broke open the padlocks to the gate and that is obviously how they have gained entry to this piece of land. I am contactable if necessary by email.

I am also concerned as we have a car park at the rear of these premises which I have now asked for all cars to be removed but have no doubt that if they want to gain entry overnight to the carpark they will.

Here we go again.

Hi Debbie,

Travellers have now left TFL site from Creekside, Manor Way and now occupied land belonging to LBH leased to RSPB at Rainham Marshes south of A13. They have taken access through Coldharbour Lane, through gate used by a grazier, opposite Tilda Rice area.

Will give you another update as soon as a site visit has been made.

I have just learned from Andrew Gouldstone, RSPB Rainham Marshes Site Manager, that there is incursion of c15 travellers caravans and associated vehicles onto Council land at Rainham Marshes south of the A13, having taken access from Coldharbour Lane, through the gate used by the grazier, opposite the Tilda Rice area. RSPB have advised the grazier and the travellers of the issue of grazing animals.

The land is managed by RSPB under a lease arrangement with the Council.

Hi Debbie,
I have been informed 15 caravans have occupied land belonging to TFL near Creek side footbridge, Creek side, Manor way.
Police are in attendance and understand travellers have promised to move on shortly.
As this is a private land, the Council will not be taking any actions.

Pleas could you remove my team (Segro.mobile@cordantservices.com) as we are no longer dealing with Segro East London properties, someone from Segro will be in touch soon to advise of our replacement.

Thanks in advance

Hello all

Once again the travellers have returned to the above locations.

There are 3 caravans at Lamson Road – Onkar can you confirm the paperwork is in place to attend Court to obtain an Eviction Order?

At Beam Reach 5 they are parked on the road, and restricting access for vehicles wishing to attend Tesco's. We understand this area is owned by the GLA and the GLA are aware.

Subject: Travellers back on the RSU service road

We have had eight caravans turn up and park along the RSU service road. They arrived around 15:45 with the caravans parked on the grass verge and path and their vehicles are all on the service road. This is going to cause a lot of grief when our vehicles start to return from stores and have to queue along side them.

A shunter was returning from the RSU and the kids have already started throwing stones.

This has been reported on 101 under reference CHS 32205 250616 with a one hour call out.

Hello Glenda / all

Please be aware that there may be more to follow.

We understand the 4 caravans at Ferry Lane South since Tuesday have moved on their own accord. Security have reported there are approximately 4 hooked up in Asda Dagenham again, and we are 'counting' caravans at Lamson Road and Consul Avenue to see how many, if any have moved. Security seem to think that some have also left!!!

Kind regards

Debbie

Hi

The Travellers have just moved onto the small piece of land behind my office at Unite the Union 46/48 New Road Dagenham. They are gaining access via the car park belonging to the Premier Inn. They have been here before but have gained access the same way they did before. At the moment we have 4 caravans parked up with vehicles and I have no doubt there are more on their way. This is exactly what happened before. There is a piece of land which is gated and locked but they broke into that before.

Anything else you want me to do?

Thanks

Glenda

Hi Debbie,

Travellers have now left TFL site from Creekside, Manor Way and now occupied land belonging to LBH leased to RSPB at Rainham Marshes south of A13. They have taken access through Coldharbour Lane, through gate used by a grazier, opposite Tilda Rice area.

Will give you another update as soon as a site visit has been made.

I have just learned from Andrew Gouldstone, RSPB Rainham Marshes Site Manager, that there is incursion of c15 travellers caravans and associated vehicles onto Council land at Rainham Marshes south of the A13, having taken access from Coldharbour Lane, through the gate used by

the grazier, opposite the Tilda Rice area. RSPB have advised the grazier and the travellers of the issue of grazing animals.

The land is managed by RSPB under a lease arrangement with the Council.

Hi Debbie,

I have been informed 15 caravans have occupied land belonging to TFL near Creek side footbridge, Creek side, Manor way.
Police are in attendance and understand travellers have promised to move on shortly.
As this is a private land, the Council will not be taking any actions.
