SMF VULNERABLE (Vulnerable)

A person affected by this incident has been identified as vulnerable. Any policing response to this incident \*\*MUST\*\* take into account their needs.

\*\*\*\*\*

If the incident directly affects the CALLER: you must ask two question;

Has anything similar to this happened before?:

Are there any health or welfare issues you think we need to be aware of which would help us to deal with your call?:

Base your vulnerability assessment on the whole call not just the two questions above.

\*\*\*\*\*

Remember

It may not be the caller who is vulnerable.

A person is vulnerable if their personal circumstances indicate that it may be especially difficult for them to cope with the issue being reported.

^183KG...Informant stated that today, travellers had removed a lock and located themselves in the area opposite the callers address. Two young males have approached the informant and said to him that they would bomb his house. The informant did not believe that this threat was real, and that the children were just mouthing off. He wanted police to be aware in the hope that the travellers would be moved on quicker. KG1N made aware.

|          | I have received an email advising me that the Travellers on the site at Beam have been removed. I can only assume they are the ones that are now parked up in the car park at the Premier Inn premises and gaining access over land which Travellers were evicted from last Saturday and moving onto the land adjacent to the Unite Building and which is owned by the LDA. |        |                         |
|          | I am led to believe there is a Court hearing tomorrow and that the Eviction Notices will be served hopefully on Friday with eviction hopefully taking place on Saturday.  |        |                         |
|          | The Travellers are illegally fly-tipping on the land owned by the LDA and there are numerous vehicles backwards and forwards all day fly-tipping. I have some video evidence but bearing in mind CCTV evidence  |        |                         |

was provided to the Enforcement Officers where the Travellers originally gained entry to the LDA land showing them demolishing the concrete fencing in order to gain access not being sufficient I can only assume the video footage we have will not be sufficient either. Can you please let me know what if anything we can do as this situation is just going from bad to worse. We have dogs running about in the car park and in fact on two occasions this week have chased members of staff snarling and barking at them. It seems to me that all that is happening is we are moving them from one site to another and then they return again. This is becoming extremely frustrating and has been an ongoing situation since last Tuesday. Any assistance you can give would be greatly appreciated.

ENTERED BY: CADL (p193719 ) AT: 2016-07-07 14:16:55

I'm the BOCU's travellers liaison officer and have visited the site and spoken with the staff, manager of the Premier Inn.

Initial assessment - No damage has been caused to the property or the adjoining land, yet it's evident that domestic waste and other material has already been discarded.

There are 7 caravans and 6 car/ Transit vans on site. It's my consideration that s.61 may be used as there are more than 6 vehicles present, that those present on the land have trespassed with the common purpose of residing there, and that reasonable steps have been taken by the manager of Premier Inn to ask them to leave the land immediately. Insp Reeves NPT Dagenham has been appraised of my observations and has directed officers to serve a s.61 notice on those residing on land owned, under the control of Premier Inn. This will be served at 14:30 hours by uniformed officers.

At 16:00 hours uniformed officers from KG, will be attending the venue with view of enforcing this notice.

At this time there will sufficient officers on duty to support this action including LT disorder serials x 2 and NPT officers.

THEY HAVE SETTLED WITH ANOTHER GROUP OF TRAVELLERS ON THE OLD FORD SITE, NEW ROAD. THIS IS BELIEVED TO BE ALL THE TRAVELLERS AT THE SAME PLACE. PS20KG STATES THAT THERE IS TO BE AN EVICTION AT THIS LOCATION TOMORROW. SO HAS LEFT THEM THERE AS ONE GROUP TO BE EVICTED TOGETHER.
