

## **Statement of Reason**

The reason for this Road Safety Scheme is to reduce the speed of vehicles along Buller Road & Hulse Avenue (between Buller Road & Salisbury Avenue) as this currently is within an 20mph zone, Buller Road is a reoccurring theme from the community, whilst it is a quiet road hosting only 330 vehicles a day the 85%ile is 26mph despite the location being a 20mph speed limit and the close proximity of the nearby school.

The additional improved signage & carriageway markings will also help to reduce vehicle speeds and accidents within this area.

As a result, we must encourage self enforcement of speeds:
