2. Caretaker to clean inside all service cupboards on the first floor
3. Water leak inside service cupboard on the 8th floor.
4. One light not working in the front lobby

Fire risk assessment:

A Fire Risk Assessment (FRA) is like an MOT for a car. Just as an MOT assesses whether a car is fit for the road on a day, an FRA will provide a snapshot of the fire risks of a building at the time the assessment is carried out.

A FRA will only assess the communal areas of premises not individual flats.

Review Plan:

The fire risk assessment for this block will be reviewed every year or at each occasion where there is a significant change to the structure or to the use of the building.
